For each organizational value, there will be “sub-organizational values” that are hidden except for the first one. To expand the sub-values into view, click on the three (3) very small gray lines under the first excellence sub-value (see red arrow). You will need to expand the sub-values for each of the main organizational values.

The screenshot shows the 'Evaluation' tab of the Performance Pro interface. Under 'Organizational Values', 'Excellence' is selected, with a dropdown arrow highlighted in a red box. Below it are sub-values: 'Integrity, Transparency and Trust' and 'Diversity in People and of Ideas'. Below this is the 'Sub-Organizational Values' section, with a calculated score of 0. The first sub-value is 'Excellence: Understands and can thoroughly perform job requirements and responsibilities.' with a '(Not Rated)' dropdown. Once you complete the self-evaluation of values, click on the next section – “Evaluate Goals.” There are three tabs for Evaluate Goals – Overview, Evaluation and Set Future Goals. As with the Organizational Values, you can either click on the Evaluation tab to evaluate the progress of established goals or click on each one individually on the Overview page. If the Evaluation tab is used, each goal will be listed in the drop-down menu similar to the values. Also note that you can create new future goals by clicking on the “Set Future Goals” tab that will be evaluated in the next review period.

In the light blue box, the specific actions needed to complete the goal in addition to the expected date of completion are described. Consider this information to rate your progress. The range of ratings for goals is 1 (Not Addressed) to 5 (Exceeded). More details related to the description of the rating is provided under Explanation of Ratings text box.

As with Values, there is a drop-down menu under the “Goals” title which will list established goals. In the blue box below, is an outline describing steps to meet goals

The next section under “Performance Reviews” is Summary Comments. While comments are not required by the employee, they are encouraged to be included. Notice on the right-hand side of this page it provides information at a glance such the overall progress of the review document being completed, progress on rating organizational values, rating goals, employee position and the current review period being rated. There are also two (2) darker blue boxes that are links to PDF documents which allows the current performance review document to be reviewed and to review the employee’s self-evaluation only.

The screenshot shows the 'Summary Comments' page in the Performance Pro system. The left sidebar contains navigation options: Employee Documents, Performance Reviews (with sub-items: Evaluate Organizational Values, Evaluate Goals, Summary Comments, Finish Performance Review), Reports, Manage Employees, System Setup, and Administration. The main content area is titled 'Performance Reviews Summary Comments' and includes a 'View: Administrative User' dropdown. A red box highlights the right-hand side of the page with the text: 'The column to the right can be used to monitor the progress of the performance review'. This side panel shows progress bars for Overall Progress (0%), Organizational Value Progress (0%), and Goal Progress (0%). Below these are two buttons: 'View Current Performance Review' and 'View Employee's Self-Performance Review'. Further down, it displays 'Employee Performance Review Information' including 'Position:' and 'Performance Review Period: 07-01-2022 — 06-30-2023'. A green box highlights the 'Appraisers:' field with the text: 'The name of the employee's appraiser will be listed here'. The main form area has a large text box for 'Summary Comments' with a purple box around it stating: 'This box is the field in which the employee can/should enter their own comments'. Below this are 'Short Term Closure' and 'Long Term Closure' dropdown menus, and 'Employee:' and 'Summary Comments:' labels.

The next section to be completed is the final section in the self-evaluation performance review process. Once the employee’s comments have been entered in Summary Comments, return to the left-hand side of the page and click on “Finish Performance Review”. It will open to the “Ready” tab. If all values and goals have been rated and appropriate comments added, the ready tab will appear like the example shown below:

The screenshot shows a 'Status Overview' section with two tabs: 'Status Overview' and 'Ready'. The 'Ready' tab is active. Below the tabs, there is a message: 'Your next step is to mark the Appraisal "Ready for Meeting"'. To the right of this message is a green button labeled 'Mark Ready'.

As an employee, once a Performance Review is marked “Ready”, the review document will become a read-only finalized document and will be unavailable for edits.

Alternatively, if the ratings for the sub-values have not been entered, the page will appear as shown below. This list reflects items (mostly values) in the evaluation that have not been completed. One interesting thing to bring to your attention is that the number of required items that are listed but not completed corresponds to the number of sub-values that were not rated.

The final two steps will be for the employee and the appraiser to meet to discuss the evaluation and then e-sign. Once that occurs, the system will generate a notice that will appear on the employee’s and appraiser’s home page. Because the e-signature is required, the notice will appear under the heading “Required”. Click on the arrow to open this field and then click on the e-signature link. It will open up the document at the signature section. Both the employee and the appraiser will just need to click on the “E-Sign” link and the signature will be generated. Your review is now complete!!
