OSUCCC Shared Resource Mission

A coordinated infrastructure supporting high-quality, compliant, and accessible cancer research.

OUR MISSION

To provide members with support for basic, clinical/translational, and population sciences.

ENABLING
BOLDER SCIENCE
TOGETHER

HOW THE MISSION IS DELIVERED

LEADERSHIP
Specialized expertise

Each Shared Resource is led by highly qualified leadership with technical expertise across OSU.

PERFORMANCE
Value and accessibility

Maximize cost-effectiveness, quality, speed, and accessibility while maintaining compliance with OSU and federal policies.

OPERATIONS
Clear priorities

Maintain clear operational policies and provide priority service to OSUCCC peer-reviewed funded members.

SUPPORT
CCSG foundation

Shared Resources are partially supported by the NCI Cancer Center Support Grant.

What are the Shared Resources?

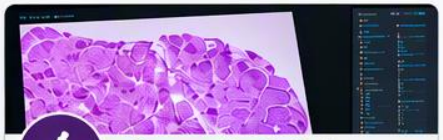

Specialized expertise, technologies, and services that accelerate discovery and advance cancer research.

Biospecimen Services

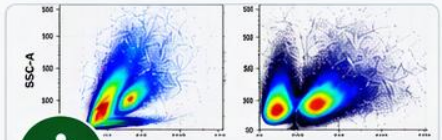

Biomedical Informatics

Biostatistics

Clinical Translational Science

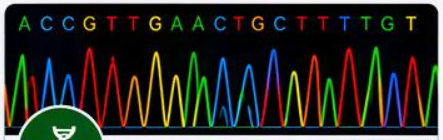

Comparative Pathology and Digital Imaging

Drug Discovery

Flow Cytometry

Gene Editing

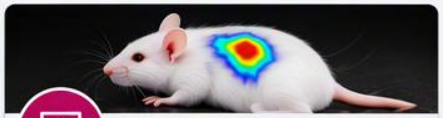

Genomics

Hematology Tissue Bank

Microscopy

Pharmacoanalytical

Preclinical Imaging

Preclinical Therapeutics and Mouse Modeling

Proteomics

Recruitment, Intervention, and Survey

A HEALTHIER TOMORROW TOGETHER

SHARED RESOURCES

Ordering Shared Resource Services

CONVENIENT. EFFICIENT. ACCESSIBLE.

PEOPLE.
RESOURCES.
DISCOVERY.
IMPACT.

eRAMP

PRIMARY ORDERING PLATFORM

The majority of Shared Resource services can be ordered via eRAMP.

- Ordering
- Ticketing
- Billing

Go to eRAMP →
eramp.osumc.edu

FOM

RESOURCE-SPECIFIC ORDERING PLATFORM

Proteomics and Microscopy Shared Resources utilize FOM.

- Proteomics Shared Resource
- Microscopy Shared Resource

Go to FOM →
fom.osu.edu

Note: You don't have to be a CCC member to use our Shared Resources, so please pass along information to your non-member colleagues!

Note: CCC members receive 20% member support on all SR services in FY27 **except** BISR, BSR, MSR, PSR, and RISSR.

SHARED RESOURCES

NCite Shared Resource Support

Do it right. Be sure to cite.

PEOPLE.
RESOURCES.
DISCOVERY.
IMPACT.

Research reported in this publication was supported by The Ohio State University Comprehensive Cancer Center and the National Institutes of Health under grant number P30 CA016058. We thank the [XX Shared Resource] for their support.

P30 CA016058
OSUCCC Shared Resources

Include the acknowledgment in publications supported by OSUCCC Shared Resources.

1. **Acknowledge the CCSG**
   Reference support from The Ohio State University Comprehensive Cancer Center and the National Institutes of Health.

2. **Name the Shared Resource**
   Replace "XX Shared Resource" with the specific Shared Resource or Resources that supported the work.

3. **Verify before submission**
   Confirm the grant number and Shared Resource name appear correctly in the manuscript acknowledgment.

Use the approved acknowledgment language shown in the NCite graphic.

SHARED RESOURCES

Publication Tracking & Shared Resource Impact

Accurate PubTrack responses connect member publications to Shared Resource utilization and support CCSG reporting.

PEOPLE.
RESOURCES.
DISCOVERY.
IMPACT.

WHY IT MATTERS

Publication tracking is a key element of the CCSG.

Accurate records are needed for both member publications and the Shared Resources used to support each manuscript.

Track which SRs contributed to the manuscript.

PUBTRACK

Assign SR utilization

The CCC uses PubTrack to connect Shared Resource utilization with cancer center member publications.

MONTHLY

Watch for the email 01

Monthly emails are sent to Cancer Center members with links to the publication tracking system.

ACTION REQUIRED

Complete the request 02

Maintain an accurate account of the Shared Resources used on the manuscript and submit the requested information.

ESSENTIAL TO CCSG GOALS

Complete each PubTrack request with the Shared Resources used on the manuscript.

From Research to a Healthier Tomorrow

SHARED RESOURCES

Shared Resource Contacts

PEOPLE.
RESOURCES.
DISCOVERY.
IMPACT.

Connect with the right resource for service-specific questions, general assistance, or eRAMP support.

SERVICE-SPECIFIC
Individual Shared Resource

Contact names are available on the website and in the Shared Resource booklet.

Use the listed resource contact for the fastest service-specific response.

GENERAL QUESTIONS
Shared Resource Assistance

For guidance, navigation, or general Shared Resource questions.

Faith.Kline@osumc.edu

CCCSR-Concierge@osumc.edu

ERAMP SUPPORT
Ordering System Help

For eRAMP administration and ordering-system assistance.

DISCOVERY THROUGH COLLABORATION

The James
THE OHIO STATE UNIVERSITY
COMPREHENSIVE CANCER CENTER

From Discovery to Impact

Start with your science. We'll help with the rest.

A NEW SHARED RESOURCES SEMINAR SERIES

Not all Shared Resources are relevant to every project — and most research relies on more than one.

The Comprehensive Cancer Center is launching *From Discovery to Impact*, a new cluster-based Shared Resources seminar series to help investigators identify which Shared Resources support their type of research, when to engage them, and how they work together across the research lifecycle.

Discovery & Mechanistic Biology

From Mechanism to Insight

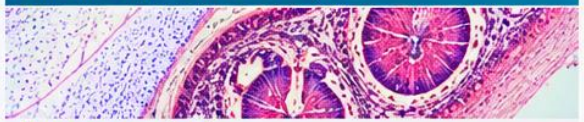

If your research asks:
What's happening at the molecular, cellular, or tissue level?

November 17, 2026
11:00 am – 12:30 pm
BRT 115

Shared Resources: BSR, BISR, CPDISR, CTSSR, DDSR-HTS, FCSR, GSR, GESR, MSR, PSR

Biospecimen, Pathology & Tissue-Based Research

Human Samples to Clinical Impact

If your research asks:
What do human samples tell us about disease or response?

January 13, 2027
11:00 am – 12:30 pm
BRT 115

Shared Resources: BSSR, HTBSR, CPDISR, MSR, FCSR, PSR, CTSSR

Quantitative, Computational & Data-Driven Research

Data, Rigor & Reproducibility

If your research asks:
How do we design, analyze, or integrate complex data?

March 2, 2027
11:00 am – 12:30 pm
BRT 115

Shared Resources: BSR, BISR, GSR, PSR, MSR, CPDISR, CTSSR

Translational & Therapeutic Development

From Discovery to Therapy

If your research asks:
How do we move a discovery toward a therapy?

April 27, 2027
11:00 am – 12:30 pm
BRT 115

Shared Resources: DDSR, GSR, PSR, CTSSR, PhASR, PTMMSR, PCISR, CPDISR, PSR

Clinical & Translational Research Infrastructure

From Protocol to Participant

If your research asks:
How do we do this safely and rigorously in humans?

May 4, 2027
11:00 am – 12:30 pm
BRT 115

Shared Resources: CTSSR, BSR, BSSR, RISSR, PhASR

Population Science, Implementation & Community Research

Cancer Beyond the Bench

If your research asks:
How does disease affect people, populations, or systems — and how do we intervene?

May 14, 2027
11:00 am – 12:30 pm
BRT 115

Shared Resources: RISSR, BSR

WHY ATTEND?

- Design stronger studies with earlier Shared Resource input
- Understand how multiple Shared Resources support a single project
- Improve rigor, feasibility, and efficiency
- Reduce downstream delays and rework
- Build a complete support strategy from discovery to impact

WHO SHOULD ATTEND?

Basic scientists | Translational investigators | Clinical researchers | Population scientists | Fellows | Trainees

Anyone planning, launching, or refning a research project.

THE OHIO STATE UNIVERSITY
COMPREHENSIVE CANCER CENTER

SHARED RESOURCES

Thank You

Shared Resource information packet

PEOPLE.
RESOURCES.
DISCOVERY.
IMPACT.

Packet contents

A complete set of reference materials to support access, ordering, and publication tracking.

Presentation
Overview and key information.

Shared Resource Directory
Resources, points of contact, and descriptions.

Shared Resource Booklet
Central reference for available resources.

eRAMP Guidebook
Ordering, ticketing, and billing guidance.

FOM Guidebook
Guidance for Proteomics and Microscopy ordering.

PubTrack Guide
Publication and Shared Resource utilization tracking.
